

# Workshop on Wireless Sensing

Sensors Conference 2001, Chicago, IL

Monday, June 4, 2001

---

## **Presentations**

**Wireless Sensing and IEEE 1451**

**Kang Lee, NIST**

**Implementing IEEE 1451.1 at NIST  
in a Wireless Environment**

**Rick Schneeman, NIST**

**Bluetooth Overview**

**Thurston Brooks, 3e Technology International**

**Wireless Ethernet (802.11) Overview**

**James Gilsinn, NIST**

**Wireless Interface Options for 1451**

**Mike Moore, Oak Ridge National Lab**

**Developing Executable Specifications for  
Networking Smart Transducer to Bluetooth**

**Steve Bibyk, Ohio State University**

**Development of Wireless Sensor  
Technology for Machine Monitoring**

**Mark Bocko, Oceana Sensors**

## **Overview of Workshop Objectives**

## **Summary of Workshop Discussions**

## **Followup Workshop**

**Sensors Expo & Conference 2001**

**Philadelphia, PA, October 4, 2001**

## **Additional Information**

**Participants List**

**Workshop Agenda**

**PDF Copy of Written Proceedings**
